NO DECISION ON ADAMS SCHOOL PLAN IS SEEN BEFORE MARCH

No decision will be made by the Adams County Board of School Directors before March and possibly not until after that on the school reorganization plan for the county, it was indicated at the January meeting of the board Monday evening at the office of the county superintendent of schools, Carlisle St.

While state law sets an end-of-May deadline for completion of the new county school plan, the decision may be made before that by the five-man county board which is currently conferring with school directors in all parts of the county to gather their views on what plan would be best for the county.

Three boards already have gone on record as favoring a six-district county plan. They are Franklin Twp., Fairfield Joint Board and the Lower Adams (New Oxford) Area Board. Others are studying the reorganization problem and still other boards are yet to be consulted.

OKAY LAND PURCHASE

County Superintendent of Schools M. Francis Coulson said the conferences with boards in the county are expected to be completed by mid-February but it is unlikely that all will have made their recommendations to the county board by the February 24 meeting of the county board.

Another element of uncertainty in the county school picture is the current effort of the Mt. Joy Twp. School Board to have the lower end of that township set up as an independent school district so that it could be assigned to the Littlestown jointure if a six-district plan is decided upon. Mt. Joy Twp. school district is now a member of both the Gettysburg and Littlestown joint districts. If the move for creation of the independent district, which requires state and court approval, is not successful, it would require the combination of Littlestown and Gettysburg jointures in one school district.

Says He Knew Of Bribe Offer

CHATTANOOGA, Tenn. (AP) — A nervous Nashville police man admitted today he knew of an attempt to bribe a juror in James R. Hoffa's 1962 conspiracy trial. But, he said, he did not report it to his superiors.

James T. Walker, the police man, was cross-examined by defense lawyers in the jury-tampering trial of the Teamsters Union president and five other men. All are accused of trying to influence jurors in the earlier trial in Nashville.

Referring to conversations he said he had with Thomas Ewing Parks, one of the six on trial, Walker said: "Parks told me: 'We'd be willing to pay up to \$10,000 to Mr. Fields.'

Walker referred to Gratin Fields, a juror who was removed during the 1962 trial. He did not identify "we." Walker, Parks and Fields all are Nashville Negroes.

ANCIENT COINS DISCUSSED AT ROTARY DINNER

Were the 30 pieces of silver given Judas for betraying Christ coins from Tyre or from Antioch, or were they a mixture of the two?

That was the question Paul Piel, mddler at the Gettysburg seminary, raised Monday evening in a talk on "Coins of the Biblical Days" to the Rotary Club at its meeting in the YWCA.

The seminarian illustrated his talk with color slides depicting the coins and showed both the silver coin from Tyre and the one from Antioch in discussing the question of which was the coin used to pay Judas. The Tyre silver coin was principally used at the time in Jerusalem, with the Antioch coin also in general circulation.

and even a little bit about languages," he said. "It is also a way to enjoy the beauty of the many coins, and not only is it fun, but it is profitable as well."

He said that through his work in selling old coins he was able to "earn my way through college." Now operating the Reynolds House on Steinwehr Ave. as a coin, stamp and antiques establishment "I am earning my way through the seminary."

PROFITABLE HOBBY

Coins have become an investment project for many wealthy people. As an example, he noted that the federal government in 1950 began the process of putting out mint sets of coins printed that year. Made from special dies and put in a plastic bag for protection, the coins have a face value of 91 cents and the government sells them for \$2.61. The 1950 sets last year were worth \$75 apiece, this year are selling for \$130. The 1951 sets were worth \$37 last year and are selling this year at \$72.

The 1964 sets have not yet been minted but already are sold out, since the government mint only a limited number of them.

The speaker was introduced by Vice President C. William Harbaugh. Dr. M. L. Stokes listed birthdays for Mares Sherman, Taylor Grossman, Attorney John MacPhail, Roy Hammond, Dr. Earl Bowen and Dr. Carroll Voss and presented those present with flowers.

President Rev. Robert MacAskill named John Hostetter as the chairman to arrange for attendance by local Rotarians at the Rotary international convention at Toronto in June.

NO DECISION ON

(Continued From Page 1)

The county board, with President Dean Asquith, Biglerville, presiding for his first regular meeting, gave approval to a plan of the Conewago Twp. School District to purchase a two-acre tract adjoining the elementary school there.

CALLED "WISE MOVE"

The land lies along the north side of Elm Ave. and is to be bought from the Herr estate for \$9,000. The sum will be paid in three installments. Supt. Coulson described the township board's decision to acquire the land "a wise move."

Clark Wildasin, a member of the county board and of the Conewago Twp. board, said his board expects the Conewago School will continue as an elementary center for many years regardless of the outcome of county reorganization plans.

The county board followed the position taken recently by the Fairfield Joint School Board in declining the offer of the Franklin County board to include Fairfield in its planning for an area technical school in Franklin County.

TO PLAN WORKSHOPS

The Adams County board is studying the possibility of establishing an area technical school in Adams County. If a school does not develop in this county, the Franklin County offer might be reconsidered later, the board agreed.

March 5 was set tentatively as the date on which county board members will visit special education classes in county schools. The tour had been planned in November but had to be cancelled because of a county board trip to Harrisburg.

Approval was given for the county superintendent's office to plan another workshop for school building custodians in the county and for school bus drivers.

GET STATE MONEY

Assistant County Superintendent George B. Inskip reported on the progress on the preparation of materials for the annual county school directory.

County board members made plans to go to Shippensburg next Monday evening for the postponed annual meeting of the directors of the audio-visual regional library to be held at 8 p.m. in Rowland auditorium. President Asquith has served as treasurer of the regional board since its formation several years ago.

Supt. Coulson reported the receipt of the semiannual state appropriation for the special education program in the county schools.

OVER \$120,000

The state checks included \$108,772.50 for general operation of the special education program for the second half of the school year and \$10,837.50 for transportation costs. Special education accounts approved Monday evening showed a December 31 balance of \$38,677.93.

The board gave formal approval to the list of school bus operators and their rates of pay in the Littlestown jointure.

Supt. Coulson reported the death of Mrs. Carol Reather Kiser, a special education teacher at Fairfield. With no replacement available, her position is being filled by a substitute.

All members of the county board attended the meeting with Fred H. Hartlaub, who will become a member of the county board July 1, also present.

SCORED RECORD VOTE

Kuchel was elected state controller of California in 1947. He was appointed to fill the Senate seat by Gov. Earl Warren following Nixon's election to the vice presidency. He was elected in 1960 by a majority of 447,102 votes, and won in 1962 with the third largest majority ever scored in California, a majority of 727,644 votes.

During his service in the Senate Kuchel has been especially successful in obtaining authorization and appropriations for reclamation, flood control and other public works projects, for forest fire prevention and for recreational facilities. Several major dams in his home state are the result of measures which he authored or promoted in the Senate.

In the 86th Congress he was vice chairman of the select Senate committee on natural water resources which directed comprehensive studies of future needs and recommended new programs in conservation, pollution and flood control, power generation and recreation. He also has been prominent in air pollution problems and is an advocate of restricted billboards on the Interstate Highway System.

DEADLINE IS FRIDAY UNDER U. S. WOOL ACT

Friday is the deadline for county farmers to file applications for 1963 marketing year payments under the National Wool Act. J. Glen Miller, office manager of the Adams County Agricultural Stabilization and Conservation Committee announced today.

Miller said the deadline is "several months earlier than under previous wool programs," and expressed the hope that those who wish to make applications in connection with marketing of either wool or lambs will not forget the new deadline. The 1963 marketing year under the wool program ended the last day of December 1963 and future wool marketing years will be for 12 months and will coincide with the calendar year. Previously the year ended March 31.

The 1963 program payments will cover shorn wool and unshorn lambs marketed during the nine-month period from April 1, 1963, through December 31, 1963. Later marketings will be eligible for payments during the 1964 marketing year which began January 1.

72 APPLICATIONS

The necessary sales records accompanying the applications will be the basis for calculating the national price received by farmers for wool during the 1963 marketing year. When the average price is determined, the payment rates for wool and lambs sold during 1963 will be announced.

Last year 60 county farmers applied for payments for shorn wool. They sold 15,124 pounds of shorn wool and received payments under the plan of \$2,411.08. Forty sold 84,963 pounds of unshorn lambs and received \$464.37 in addition to whatever they received for the lambs themselves.

So far this year 46 have filed shorn wool applications and 24 unshorn lamb applications. Twenty producers who filed last year have not filed as yet for 1963.

FIFTY YEARS AGO

Has Not Signed: Connie Mack, manager of the world's champion Athletics, announced that he had signed twenty-seven of his players for the season of 1914. Every one of his regulars, except John Coombs and Eddie Plank, pitchers, and Ira Thomas, the catcher, are in line. The Philadelphia Press says "Eddie Plank, the grand old man of baseball, is not among those who have signified their willingness to again don the White elephants' uniform, but he will probably be in line when the season of 1914 gets under way. Last year Plank did not sign a contract until the season had almost started. At that time the wonderful southpaw pitcher announced that he was going to retire after a long and meritorious career in baseball, but Manager Mack succeeded in getting the Gettysburg graduate to sign. It will probably be the same this year. Plank is anxious to retire, and if he does he will not be in want. He is worth more than \$30,000 and owns considerable farm land up-State."

Local Notes: George F. Eberhart was a business visitor to the Baltimore automobile show on Wednesday . . . Harry T. Stouffer, Water St., killed a 415 pound hog several days ago . . . Ernest Ziegler is erecting a dwelling on North Washington street opposite the Eagle Hotel . . . Miss Mildred Dubois has purchased the millinery store of Mrs. Guy Sherman on Baltimore St. . . . Eddie Plank is visiting his brother, Luther Plank, in Table Rock.

Big Bee: Every seat was taken in the Court House for the second of the series of spelling bees on Friday evening. The sides were composed of thirty-five each. Prof. Walter D. Reynolds heading the one and Edgar A. Crouse the other. Prof. Reynolds' side was victorious in both contests. Those standing when the last opponent, Robert C. Miller, went down on "labyrinth" were Reynolds, Maurice Stansbury and Lillian Kittmiller. Prof. Roth gave the words, R. K. Major kept tally and the judges were C. B. Kittmiller, Mrs. J. Louis Sowers and Mrs. Harry Holtzworth. Another match will be held next Friday.

Buys Big Brick Plant: The large plant of the Dillsburg Vitrified Brick and Tile Company built over five years ago at a cost of \$165,000 was on Saturday knocked down at Public Sale to Charles S. Asper, Asper's Station, at the price of \$5,010. The plant is said to be the largest in Pennsylvania but was never put into full service for the reason that by the time the plant was completed, all the capital of those interested was involved. The original cost of the plant was to be \$75,000 but this was more than doubled before the work was completed. The sale was conducted by D. W. Beitzel, cashier of the Dillsburg Bank. Mr. Asper is manufacturing tile at his home in Adams county and expects to put the other plant into service in the near future but on a smaller scale than was originally intended. The full working force of the plant is several hundred men. The promoter of the company was John W. Ivory and the plant has been known as "Ivory's Folly." The machinery is all in first-class condition and there are five acres of land. When the plant was first put into operation the brick were not what was intended and this precipitated the downfall. The plant is considered the best real estate bargain offered at Dillsburg for years.

Today's Talk

YOUR SELF OPINION

The opinion that others have of us is quite often not the opinion that we have of ourselves. Self-faith is the greatest capital anyone can have! Without it one becomes a leaner, a borrower, and a mere follower — often of blind leaders.

But this good opinion that we have for ourselves should lead to neither conceit nor to a vain boasting of the good qualities that our Creator gave to us in the first place. We must not forget that our natural gifts are not something that we have selected or developed, but gifts that come to us through the natural order of things at birth. God selects those whom he wishes to be placed in positions of responsibility and leadership. We place ourselves only as we have the self-faith in Him who created us.

All through life you will have to fall back upon that self-opinion that you own, and make it work for you. At times it will be a difficult assignment, for you will be misjudged, misunderstood, and sometimes cruelly maligned. But self-faith will see you through!

Said Sir Richard Burton: "From self alone expect applause." In loneliness, and when those whom you thought your friends prove untrue, there will remain this one refuge of honest self-faith and self-opinion, to keep you steady upon your feet and clear in spiritual vision.

Expressed opinion and that which you keep locked within your heart are two different things. Little does anyone know about the debates that go on, silently, and within the confines of our own inner sanctuary. There many a physical and spiritual battle is won. There many a triumph is enacted that has its effect upon the future course of our own lives, and often upon the lives of countless numbers of others — sometimes of the entire world!

Rarely are we advised in advance of our future tasks. Often their purpose is veiled from us until we have become ripe in heart and spirit, fit for the responsibility. Preparation fails upon us all as the means to that happy achievement.

OLD READING

The garden catalogues are here
And once again I read them
through

As I have done for many a year
In search of blossoms old and new.

Unchanged the style, unchanged
the tale,

And yet the page grows never stale.

Some books I read and toss aside,
Some books a second time I'll con,

And some I can no more abide
Because their interest has gone,

But every year I sit for hours
Re-reading catalogues of flowers.

The new is very like the old,
Whatever name the covers bear;

I knew the yellow marigold
And modest mignonette are there.

The story of the daffodil
Is old as are the oldest hills.

The catalogue of life repeats
The self-same list of human needs.

One finds upon its printed sheets
The record of men's thoughts and deeds.

And all that daily is re-told
Of joy and grief is ages old.

PROPOSE LONGER TERMS IN HOUSE

HARRISBURG (AP) — Three House Republicans propose to increase elective terms in the chamber from two to four years.

They introduced a bill Monday that would amend the constitution to effect the change. Two other proposed constitutional amendments were submitted. Each requires the approval of two successive and separately elected legislatures before going to the voters in a referendum.

PITTSBURGH (AP) — After 10 years as one of baseball's finest relief pitchers, Elroy Face figures he's lost a little off his fast ball.

He's also lost a little off his salary.

The diminutive Pittsburgh Pi-

"But I'm satisfied," he said.

"I think everyone gets a cut this year after the season our team had last year."

Warriors Invade Boiling Springs Tonight; Junior High Hosts Biglerville

This evening the unbeaten Gettysburg High School varsity dribblers will go after their 12th straight victory and second in the second half race of the Blue Mountain League when they meet Boiling Springs on the Bubbler's floor.

Meanwhile the Gettysburg Junior High squads will entertain Biglerville here on the junior high floor, the preliminary starting at 6:30.

Coach Merrill Eckhart's Warriors whipped the Bubbler's here 67-32 during the first half but are almost certain to find the going more difficult at Boiling Springs. BUBBLERS IMPROVE

The Bubbler's have six letter-men from last season and just recently have begun to jell. Last Friday they gave their best performance of the season in lacing Northern 81-58.

Biglerville's Cannons encounter another tough opponent in Camp Hill on the Lions' floor. In the first half Dan Bushman's outfit eked out a 44-42 verdict at Biglerville. Gaylor Dissinger, one of two lettermen on the Lions' squad, is the second top scorer in the BML.

The other league games this evening include East Pennsboro at Newport, Big Spring at Susquehanna, and Shippensburg at Northern.

One of the top Adams-Franklin League games this evening pits Littlestown (4-4) against New Oxford (5-3) on the latter's floor.

Other AF games are Green-castle at Fairfield, Scotland at Fannett-Metal, and St. Thomas at James Buchanan.

NONLEAGUE GAMES

Bermudian Springs, leader of the Adams Division, has a non-league engagement with St. Francis Prep (6-6) at Spring Grove.

Delone Catholic, losers of its last four games for a 5-7 mark, will entertain Westminster (8-3) at McSherrystown tonight. Westminster will square the Squires 67-66 in their previous meeting December 17 on the Owls' floor.

MANY TO SEEK 3 GOLD MEDALS

INNSBRUCK, Austria (AP)—The biggest collection of ice figure skaters in sports history polished competition routines today in preparation for the opening of the Winter Olympics Wednesday.

Seventeen pairs and 29 women and 28 men from 15 nations are competing for the three Olympic gold medals.

While the favorites have been clearly established in each of the three divisions, attention has been focused on several aspiring title hopefuls who have been impressive in practice sessions.

Among them are Canada's Petra Burka and Wendy Griner, America's Christine Haigler, of Colorado Springs, and Tommy Litz and Austria's Emmerich Danzer.

Miss Griner placed second to Holland's Sjouke Dijkstra in the 1962 world championship.

Miss Dijkstra also was world champion in 1963 and is the favorite at Innsbruck.

Litz of Hershey, Pa., is one of three national men's champions on the U.S. team. He won the title in 1963. Scott Allen of Smoke Rise, N.J., is the current champion and Monty Hoyt of Denver was the 1962 title holder.

Litz was unable to compete in the 1963 world championships because of an ankle injury. He has been drawing applause from arena crowds for his spectacular free skating.

Pickets Release 27 Workers Held 36 Hours By Strikers

APOLLO, Pa. (AP)—State police were ordered to maintain a 24-hour guard Monday at a plant where the company said 27 technical workers were held captive by a picket line for more than 36 hours over the weekend.

A state police spokesman in Kittanning said troopers will be on duty indefinitely at the Nuclear Materials & Equipment Corp. plant in this Armstrong County town.

BLOCK GATES

The state police were needed early Sunday to get the workers out of the plant after striking steelworkers had blocked access in and out of plant gates.

Oscar Gray, secretary of the company, said members of United Steelworkers Local 6452 threw up mass picket lines shortly before noon Friday.

He said the pickets permitted women and clerical workers out of the building but halted all other traffic. A truck carrying nitrogen essential to the plant's safety also was stopped from entering, Gray said.

IGNORE COURT ORDER

Judge J. Frank Graff issued an order noon Saturday to restrain mass picketing and provide free access. But the order went ignored and the county sheriff's office sought the aid of the state police.

State police responded and broke up the picket line without incident.

A small picket line was back at the plant Tuesday but completely within Judge Graff's order.

Under that order, no more than four pickets are allowed at each of the two gates at the firm's Apollo plant and at the three gates of a nearby Parks Twp. facility. Two other plants in Parks Twp. are not affected by the strike.

The strike, which involves some 245 workers, started midnight New Years Day over a contract dispute.

Gray said the company had reached agreement on a new pact with union leaders earlier in December but he said the contract was rejected by the rank and file on Dec. 26. The old contract expired New Year's Day.

HUBBY SLAYS GRANDMOTHER

ARDMORE, Pa. (AP)—A murder, a gun fight with police and a suicide has left a man and wife dead and a policeman wounded, but in a satisfactory condition Monday in Lankenau Hospital.

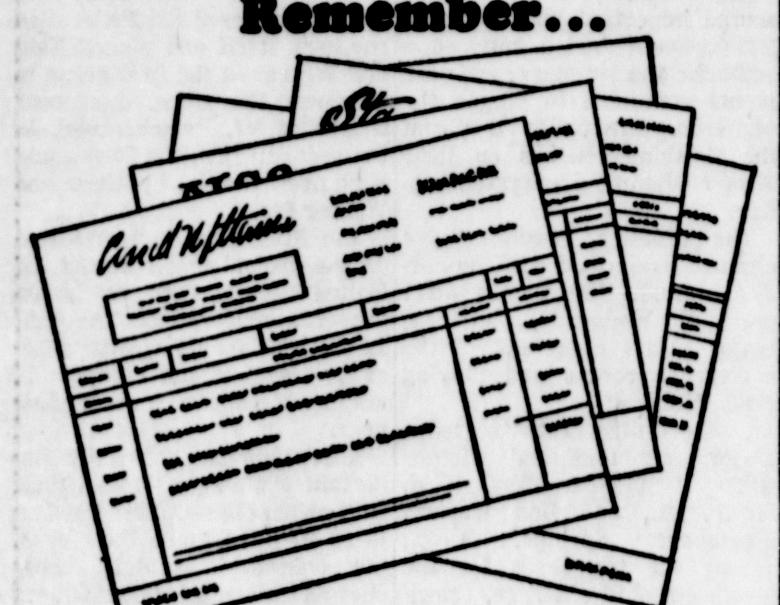

Police said the dead man, Richard Ernest, 50, of Ardmore, killed his wife, Dorothy, 59, with a .38-caliber bullet through the heart, fired several shots at two policemen and then shot himself in the head.

Patrolman Chester O'Shell, 43, suffered a bullet wound of the lower abdomen.

Authorities said the shooting occurred just before midnight Saturday at a Cynwyd home where Mrs. Ernest had been babysitting with her daughter's children.

The children slept through the shooting, authorities said.

The POWER of FAITH

By WOODI ISHMAEL

Through the faith and perseverance of Francis Asbury, Methodism spread throughout America early in our history. He came to America in 1771 as a missionary from England. Like the founder of his faith, John Wesley, he traveled constantly on horseback, preaching wherever he went. He averaged 600 miles a year and became the first circuit rider in America. This method of preaching to a number of communities is used by ministers in isolated areas even today.

In the late 1700's a conference of Methodist preachers in Baltimore elected Asbury as their leader. It was the beginning of the Methodist Episcopal Church in the United States, with Francis Asbury as bishop. His almost ceaseless traveling and devotion to his cause increased the number of Methodists in America to 200,000 by the end of his life.

James MARLOW Reports

By The Associated Press

WASHINGTON (AP) — From its beginning this country has been uneasy about two questions which never go away although the nation has acted as if it were they would.

What happens when a president is disabled or when a president dies and there is no vice president?

Eight times—when presidents died in office and were succeeded by their vice presidents—the country has been left without a vice president, as it is now. Luckily, none of the vice presidents who became president died.

Police had gone to the house to investigate reports of a disturbance. They said Ernest apparently decided to go and talk to his wife and a quarrel developed.

Harness racing in 1963 was conducted over 423 tracks, which also includes fairs.

gress provided for the Senate's president pro tempore and the speaker of the House, in that order, to succeed to the presidency if there was no president or vice president.

CHANGED IN '47

Congress wasn't satisfied. After 93 years it passed another act—on Jan. 19, 1886—knocking out the 1793 act and saying now that, if there was no president or vice president, the line of succession should be through the Cabinet, starting with the secretary of state.

After 61 more years, Congress by act of July 18, 1947, changed the line of succession again. Now it goes this way: Speaker of the House, the Senate's president pro tempore, and then the Cabinet.

(House Speaker John W. McCormack of Massachusetts is now 72 and the Senate's president pro tempore, Carl Hayden of Arizona, is 86.)

MOST PERSUASIVE

On the line of succession perhaps the most influential and persuasive suggestion was made this week by a group of lawyers called together by the American Bar Association.

They don't like the present arrangement—under that act of 1947—and suggest a constitutional amendment providing that when there is no vice president the president should nominate a person "who, upon approval by a majority of Congress in joint session, shall then become vice president."

This proposal has had a good response in Congress. Even if Congress approved and sent it to the states for ratification, this takes a lot of time and meanwhile there is no vice president.

CAUSE OF UNEASINESS

But there is far more dispute over solving the question of presidential disability. There is no law covering this.

This is what causes uneasiness: Suppose a president feels he is no longer disabled and wants to take back his duties from the vice president but there is wide doubt that he is capable.

For this reason, it has been proposed that some group of government officials—the Cabinet, or Congress, or a commission—should decide when a president is no longer disabled.

The framers of the Constitution didn't try to be positive, either.

DISABILITY GAP

They said—in case of the removal of the president from office, or of his death, resignation, or inability to discharge the powers and duties of said office—"the same shall devolve on the vice president." They didn't say who decided on presidential disability.

They specifically left it up to Congress by law to say who became president if there was no president or vice president. Congress acted promptly, in a limited way.

The figures are subject to final audit.

Curator Of Zoo, Bitten By Deadly Snake, Expires After "Hours Of Agony"

By PHIL KEIF
SALT LAKE CITY (AP)—The City Zoo's curator, Jerry de Bary, 37, died Monday after hours of agony from the bite of a deadly African snake.

De Bary, bitten Saturday night when he suffered a dizzy spell while cleaning the puff adder's cage, died at 6:30 a.m. after a day and a half of what friends said was excruciating pain.

The venom attacks the nervous system, causing muscle spasms and paralysis. De Bary's heart stopped temporarily more than once. Breathing was nearly impossible at times. A resuscitator had to be used and an opening was made in De Bary's windpipe to help him breath.

CALL FOR SERUM

Puff adder snake serum was flown by Navy jet from the San Diego, Calif., Zoo. More was ordered from Southern Rhodesia. The puff adder is a native of South Africa and that's where the serum is made.

The serum from South Africa was ordered by Sister Mary Gerald, superior at Salt Lake City's Holy Cross Hospital, where De Bary was treated. Sister Mary telephoned a sister, Mrs. Peggy Forrester, in Salisbury, Southern Rhodesia, for the serum.

But De Bary, a native of Switzerland, died before it arrived.

As far as could be determined De Bary was the only person ever bitten by an African puff adder in the United States.

Marlin Perkins, director of the St. Louis Zoo, was bitten by a first cousin, the Gaboon viper, 36 years ago, and survived.

EXTENSIVE PAIN

Perkins said, "I know what tremendous pain is involved. It is one of my most vivid memories. The pain is extensive and intense. It felt like a big weight on my chest and I was not able to breathe. And it felt like acid was eating inside me."

An associate described De Bary Sunday as being conscious and "taking it calmly" although in severe pain.

De Bary was working in the snake house alone. For some reason he became dizzy after he opened the glass door of the puff adder's cage. He fell forward, but put up his arm to catch himself. The five-foot long adder sank both its fangs into his left forearm.

HANDYMAN IS HELD IN ATTACK

PHILADELPHIA (AP)—A 33-year-old handyman is being held in \$1,500 bail today in the stabbing of Dr. Amandus Johnson, 84, a former University of Pennsylvania professor and an authority on Swedish contributions to American history and culture.

Police said Santos Baez admitted slashing Johnson across the neck during an argument Saturday over rent he allegedly owned Johnson.

The weapon used to cut Johnson, police said, was a 50-cent paring knife bought only an hour earlier to clean fish. Police quoted Baez as saying that was the reason for carrying it.

Johnson is reported in fair condition in St. Luke's and Children's Medical Center.

Johnson is founder and former

governor of the Swedish Colonial Society and has written books on Swedes in America.

Morris Gerber, former Montgomery County judge, said Scranton's appointments of judges in some counties were against the wishes of the county bar associations. He said the Delaware County Bar Association had voted 8-to-1 against a man who subsequently was appointed by Scranton.

SON DISAGREES

Gerber also suggested that Scranton be censured or criticized for judicial appointments in other counties. But Gerber's son, A. Richard Gerber, said he disagreed with his father.

The elder Gerber offered a motion to ask Scranton to extend the commission method of making appointments to all counties.

Bernard G. Segal, chairman of the commission named by Scranton and chairman of the association's judiciary committee, said the Gerber motion was highly inappropriate and would undo the work that has been done. He added he would like to see the proposed Pennsylvania plan for judicial appointments in all counties, but lawyers of most counties have not approved it.

PILOT PROJECT

Segal called the commission's appointment a "pilot project" to show the people how the Pennsylvania plan would work. He said the commission will not act without submitting the names of recommended appointees to the association's judiciary committee.

Also at the closing session, lawyers from Delaware, Montgomery and Lehigh counties presented petitions opposing the elimination of orphans courts in their counties as they are now functioning, under Article 5 of the proposed state constitution of orphans courts.

Desmond J. McTighe, Norristown, stepped down as association president and automatically was succeeded by C. Brewster Rhoads of Philadelphia. William W. Little, of Bellefonte, was elected vice president succeeding Rhoads.

Re-elected were A. Carson Simpson, Philadelphia, secretary; Frederick H. Bolton, Harrisburg, assistant secretary; and Mrs. Barbara Lutz, Harrisburg, executive secretary.

A Bit Of History About Early Settlers

By E. F. M. MacPHERSON

THOMAS (3) KERR The Kerr family, of Lower Marsh Creek, and its many branches, that today can be traced to practically every state in the Union, can, in company with many others, trace its origin in this country back to a tiny frontier settlement in what is now Adams County, Pennsylvania. The first generation in the new world usually remained in the original home but the second, in nine cases out of 10, took off for points south and west — particularly the latter. Thus it was with the Kerrs; they were ever the seekers of the distant horizon.

Today the genealogical and historical notes on that family deals with the third generation.

Thomas (3) Kerr, the sixth son of John (2) and Martha (Darby) Kerr, was born in what is now Adams County, Pennsylvania, in 1755 and died in Rockbridge County, Virginia, in 1825. Thomas (3) Kerr and his brother, Andrew (3) Kerr, in company with the McDowell family, into which Andrew (3) Kerr had married, emigrated to Augusta (later Rockbridge) County, Virginia. It is not known whether or not Thomas (3) Kerr married before or after going to Virginia. Be that as it may be, the given name of his wife was "Martha" and that is just about all that is known concerning her.

MAID NO CHILDREN

Presumably Thomas (3) and Martha Kerr had no children for in his will, which was written August 27, 1822, and entered to probate May 3, 1825, Thomas (3) Kerr does not mention any legal issue." After providing for his wife, Martha Kerr, he willed "... to Mary Taggart, of Bedford County, Pa., the sum of one hundred pounds."

All the residue of his estate was to be divided into two equal parts. One of these was to be given to Thomas (4) and Samuel (4) Kerr, the sons of his deceased brother, Samuel (3) Kerr, of Bedford County, Pennsylvania. The other half was bequeathed to "My Brother, James (3) Kerr, of the State of Ohio."

Andrew (3) Kerr, the youngest of the seven sons of John (2) and Martha (Darby) Kerr, was born in 1757 and died in 1820. He was married to Isabella (McDowell) Kerr, who was born in 1764 and died October 26, 1841.

EARLY SETTLERS

It is quite possible that Isabella (McDowell) Kerr was a younger sister of Samuel (3) Kerr's wife. The McDowells were among the early settlers in the Manor of the Masque (Maske), in what is now Adams County, Pennsylvania. They (the McDowells) had a plantation in Cumberland Township along a stream which is known to this day as "Willoughby's Run." Quite frequently it happened that "brothers married sisters."

The McDowell family, with some of their neighbors, and the two youngest sons of John (2) Kerr moved to Augusta (now Rockbridge) County, Virginia, sometime after the Revolution, and settled near Brownsville. Before many years had passed this section had become a prosperous "Scotch-Irish" set-

BOTH HOUSES OF ASSEMBLY TAKE RECESS

HARRISBURG (AP) — Both houses of the General Assembly were in recess again today while the joint appropriations committees continued hearings on Gov. Scranton's \$1.168 billion budget for 1964-65.

Both chambers met briefly Monday after a 2½ week recess, then adjourned again until next Monday.

Major action was introduction of \$102.5 million worth of spending bills in the House.

AWAITS COMMITTEES

The two chambers have little to do until the appropriations committees complete their public hearings, perhaps by next week, and send the bills to the floor for debate and votes.

The 1964 session is limited by the constitution to consideration of financial matters and constitutional amendments.

There were a number of proposals offered in both houses Monday to make changes in the state's 90-year-old constitution.

Included in the spending bills were Scranton's proposals to spend an extra \$1,862,750 in the current fiscal year for a number of purposes, including educational studies, coal bank fire fighting, conversion of a state tuberculosis hospital to one for treatment of the mentally retarded and the state's share of the cost of rescuing two miners at Shepton last summer.

In addition, four bills would make up a \$3.6 million shortage in public school subsidies and other instructional costs.

Among the other bills were non-preferred appropriations which require two-thirds approval of the legislature. Regular appropriations require only a simple majority.

The spending bills were sent to the appropriations committee.

Other highlights:

Investigations—Senate Democrats proposed a legislative study to determine whether manufacturers of canned heat should include an ingredient to induce vomiting if swallowed.

At least 32 persons died in the Philadelphia area recently after drinking alcohol distilled from canned heat.

Antlerless deer—House Democrats challenged the system of issuing antlerless deer licenses on a county quota system and demanded legislation requiring equitable distribution of such licenses among all hunters.

Constitution—Separate proposals were introduced in both houses to speed the processing of constitutional amendments and to specifically ban a graduated income tax under the constitution.

PHILADELPHIA (AP) — Assistant Dist. Atty. Lisa A. Richette, chief of the Family Court Division, resigned her position Monday.

Mrs. Richette said she resigned because Dist. Atty. James C. Crumlish Jr. was removing her as family court division chief and assigning her to criminal trial work and because the Family Court Division did not recognize her.

Consideration for thousands of visitors who descend steps beneath St. Peter's Basilica to pray before Pope John's resting place each week was said to have figured in Pope Paul's decision.

Crumlish denied that the Family Court Division "is being relegated to an inferior standing."

MRS. KENNEDY, SISTER DINE WITH BRANDO

By JOHN KOENIG JR.
WASHINGTON (AP) — Mrs. John F. Kennedy dined out Monday night with her sister, Lee Radziwill and actor Marlon Brando at a restaurant on Embassy Row.

It was a quiet occasion in which the group, with Brando's business manager, George England, making a fourth, had a corner table.

As they left after their three-hour dinner they tried to avoid newsmen and photographers. The former first lady and her sister left together in a chauffeur-driven limousine. Brando and England left a few minutes later.

An obvious attempt was made to keep the small dinner party from attracting the attention of other guests in the restaurant, which specializes in French cuisine.

25 MEN NEAR

Secret Service men assigned to protect Mrs. Kennedy since the assassination of President Kennedy last Nov. 22 remained close by. Other diners came and left. From all appearances they failed to notice that Mrs. Kennedy and friends were at a corner table.

Earlier in the evening, Mrs. Kennedy had received at her nearby Georgetown residence Queen Frederika of Greece and the queen's daughter, Princess Irene.

The queen and the widow of the assassinated president met last October when Mrs. Kennedy was on a vacation trip to Greece and the off-shore Greek islands.

MRS. L. OSWALD TO TESTIFY IN MURDER PROBE

By HARRY KELLY

WASHINGTON (AP) — The presidential commission investigating John F. Kennedy's assassination plans within two weeks to question its first witness: the Russian-born widow of Lee Harvey Oswald.

Chief Justice Earl Warren, who heads the inquiry, announced she would appear before the commission or some of its members as part of the group's study to fill in the gaps surrounding Kennedy's murder last Nov. 22.

Oswald, an ex-Marine who called himself a Marxist, was shot to death two days later after having been arrested and charged with the assassination.

For Marina Oswald, 22, it's all still hard to believe.

"I don't want to believe . . . but I have too much facts, and facts tell me that Lee shot Kennedy," Mrs. Oswald declared in a copyright interview Monday night with radio station KRLD in Dallas.

Since the death of her husband at the hands of Jack Ruby in the Dallas jail, the blonde Mrs. Oswald and her two daughters have been in seclusion under the protection of the Secret Service.

MOTHER COMMENTS

Oswald's mother, Marguerite Oswald, 56, said her daughter-in-law's statement showed she had been in seclusion too long.

"Where does she get these facts," she said in an interview with radio station KBOX of Dallas. "Who has been talking to Marina?"

"For a long time I have believed that a profound effort has been made to change her belief in Lee's innocence."

"My son has not had the opportunity to be able to prove his innocence," she declared, "and he will always be the accused."

Warren said lawyers for Oswald's widow will be present and be free to ask any question. He said the commission had rejected the request of Oswald's mother for the right to have lawyers present at the questioning of her daughter-in-law and other witnesses.

Soviet Fashions Promise Comfort

LONDON (AP) — Moscow radio broadcast this fashion forecast for the Soviet woman to day:

"Simplicity and comfort are the keynotes of today's styles. Hemlines will be somewhat lower and shoulder lines somewhat higher than last year."

FREEPORT, III. (AP) — Robert F. Koenig, 79, patent medicine millionaire and philanthropist, died Monday after a long illness.

GOVERNMENT SUES BUILDER FOR POOR WORK

BOSTON (AP) — The Department of Justice has filed a \$4.9-million damage suit against three firms, including one headed by Matthew H. McCloskey, former ambassador to Ireland and treasurer of the Democratic National Committee.

McCloskey, appointed to the Dublin post by President John F. Kennedy in 1962, resigned recently to help the Democrats raise funds for this year's campaign.

In Dublin, an embassy spokesman said McCloskey would have no comment on the suit.

DEFECTIVE BUILDING

The suit, filed Monday in U.S. District Court, asked \$4,918,577 from McCloskey & Co. of Philadelphia, charging the firm with extensive defects in construction of the 15-story, 920-bed Veterans Administration hospital in the Jamaica Plain section of Boston.

The company was awarded a \$10,563,000 contract in 1950. The hospital was completed in June 1952.

SUE ARCHITECT

Also named in the suit were Charles T. Main Inc. of Boston, engineering consultants, and the Boston architectural firm of Shepley, Bulfinch, Richardson and Abbott. The government said these two firms were paid \$619,000.

Additional damages of \$2.5 million were sought from Aetna Casualty and Surety Co., which wrote the performance bond for the McCloskey firm's work.

The suit charged the McCloskey company "made numerous departures from the contract design, drawings, plans and specifications, provided defective workmanship and deficient equipment and materials, failed to provide proper supervision and superintendence or competent foremen or superintendents."

is accused of lying in ambush for Negro civil rights leader Medgar Evers and shooting him in the back at Evers' home here last June 12.

Dist. Atty. William L. Waller, 37, accepted 12 white male jurors at the end of a night session. They now come under interrogation by the defense.

Seven Negroes on the 200-man special venire were not among those called. Most of the sparse audience of about 35 were Negro. A big crowd urged by Negro leaders did not materialize.
